BOEING

Dear Mr. Broderick:

On behalf of the Aviation Rulemaking Advisory committee, I am pleased to submit two documents on the following subjects:

Report No. SP4161LA-Q Alternate Means of Compliance Issuance Improvements

Proposed NPRM

Revision of Gate Requirements for High-Lift Device Controls

These documents are enclosed in the form of a report and a proposed NPRM. The documents were developed by the Alternate Means of Compliance Working Group chaired by Dave Lotterer and the Flight Test Harmonization Working Group chaired by Jerry Zanatta. The membership of the groups are a good balance of interested parties in the US, Europe and Canada. The groups are currently focusing on other issues tasked to the Working Group but can be available if needed for docket review.

The members of ARAC appreciate the opportunity to participate in the FAA Rulemaking process and fully endorse these recommendations.

Sincerely,

G. R. Mack
